SEEING LONDON WITH TWO CANADIAN BUDDIES

FIRST, TO SEE WHERE the King lives, Privates McGee and Heaps step through Admiralty Arch, down the Mall

CANADA'S "TOMMIES" were very interested in world-famous Big Ben, the clock that never fails, on tower of Houses of Parliament

COCKNEY NEWSVENDOR felt business was very good indeed when our friends got papers from him

CANADIAN PRIVATES, Clifford McGee, 31, and Sydney Heaps, 30, formerly Toronto salesmen together, joined up and went overseas together and are determined to see this war through side by side. They are married. Their wives are friends too. Having five days' leave from barracks, they went up to London town. Both agree England has given Canadian troops a warm welcome. And with these pictures they sent a message to their families and friends that "all is well" and that even the weather isn't bad

IT'S MIGHTY EASY to lose yourself in London's mighty heart. Underground map at Chancery Lane Station helped the boys to get bearings and save time

EVERY DAY IS AUNT JEMIMA PANCAKE DAY!

Lenten Menus, for
her pancakes can
be served so many
delicious ways!

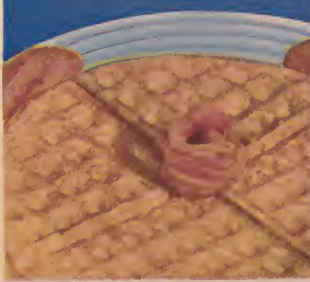

IT'S AS EASY AS 1-2-3 to whip
up a taste-tempting meal of Aunt
Jemima's flavor-famous pancakes,
waffles or buckwheats. So enjoy their
nourishing, easy-to-digest good-
ness often. The whole happy secret

of pancake success is right in the
famous Aunt Jemima packages. So ask
your grocer for Aunt Jemima Ready-
Mix for pancakes and waffles, and
for Aunt Jemima Ready-Mix for
buckwheat cakes right away.

FOR ANY MEAL, ANY DAY. Tasty Aunt
Jemima Pancakes With Butter And Syrup—
A real treat the whole family enjoys! Serve
Aunt Jemima's delicious pancakes with
ham, bacon or sausage; jelly, jam or honey;
canned meat or fish; fresh or canned fruit.

**A SOUTHERN TREAT THAT'S GRAND
TO EAT—Golden Aunt Jemima Waffles
and Bacon**—For a breakfast that's sure to
win praise, just whisk up some crisp, deli-
cious Aunt Jemima plantation-style waf-
fles. (The jiffy-quick recipe is on the pack-
age.) Serve with bacon, butter, syrup.

**FOR LUNCH—Little Pigs In Buckwheat
Blankets**—Broil little pig sausages. Make
Aunt Jemima Buckwheat cakes. (Jiffy-
quick recipe on package.) Wrap sausages
in Buckwheat cakes. Then garnish with
slices of red, tart apple simmered in $\frac{1}{2}$ cup
of water with 1 cup sugar and juice 1 lemon.

PER ARDVA AD ASTRA*

SILHOUETTED against the sky, this R.C.A.F. gunner is firing at a marker in the sea 1,000 feet below, several miles out from Vancouver

WAR-TIME PATROL DUTY by the Royal Canadian Air Force operating from the Jericho station at Vancouver is constant. At right, seaplanes from a bomber reconnaissance squadron flying in patrol formation over Burrard Inlet. At left, Squadron Leader Mawdesley,

who is internationally known as an outstanding pilot, takes the controls of a Stranraer flying boat. Below, a supermarine Stranraer bomber, one of the best ships of its kind for difficult coastal reconnaissance work, rests at the station. It carries a crew of seven

*Air force motto translation: "Through Difficulties to the Stars"

DIVE BOMBING, one of the deadliest manoeuvres in war flying, is demonstrated by Flt.-Lieut. Gibb of the R.C.A.F. Pacific coast patrol base, near Vancouver. Pilots on this patrol meet worst

flying weather in the world. Here is a Boeing Shark diving at nearly 300 miles an hour and a bomb exploding beside the target. The photographer made two exposures for this composite picture

OLD BALKAN POWDER BARREL MAY YET BLOW UP

TURKISH SOLDIER stands under colors. Bulgaria's aid to Turkey's earthquake victims lessened strained relations

IT IS NO LONGER general custom for Turkish women to wear veils. Peasant girl with basket of grapes wears scarf knotted around head

ALREADY POLITICAL BATTLEGROUND of war, Balkan peninsula may find itself scene of clashing armies, decisive land engagements, if deadlock continues on western front. Threatened on one side by possible Russian invasion and on the other by German, yet many of them holding treaties with Allies, the Balkans may yet prove to be the real scene of this war. Balkan nations are pawns in the game of war

SCENE AT BUSY HARBOR OF PIRAEUS, seaport of Athens, reflects exceptional increase in shipping through growing population of Greece and prosperity of Balkans in general. This prosperity is imperilled by the war in Europe. Population of Greece is about 6,000,000

UNITING AGAINST MENACE OF WAR

KING CAROL OF RUMANIA recently warned Russia in no uncertain terms Rumania would not give up Bessarabia

LIKE FINNS, Hungarian soldiers are trained to fight on skis. Balkan countries have 2,400,000 men mobilized. Hungary has 300,000; 400,000 reserves

CAUGHT IN AN IMPOSSIBLE SITUATION, Balkans are trying desperately to keep out of war. Italian influence, strengthened by diminished fear of Russia since invasion of Finland, is being brought to bear to put aside historic differences and to work together to form a common defence front. Unity has never been conspicuous among Balkan countries, but they are faced with fact of greater force and must unite. But situation remains full of danger

TYPICAL OF THE BIG RURAL population of Bulgaria is this peasant woman. One principal crop is tobacco

BETWEEN 4 AND 6 P.M. crowds are dense and no autos are allowed in main boulevards of Sofia, capital of Bulgaria. Bulgaria's war strength is 500,000

ITALY'S NEUTRALITY DEPENDS ON BALKANS

A LINE-UP OF SPEEDY ITALIAN DESTROYERS, massed by Mussolini in the Gulf of Naples, where they went through a series of manoeuvres

IRAQ OIL WELLS under guard. A war in the Balkans would menace flow of oil to Britain from Iraq pipe lines

ALL GREAT POWERS are vitally interested in Balkans. Germany depends upon them for supplies. For Allies, they form a backdoor into Germany. Italy is vitally concerned and has formed military alliance with Hungary. Britain has treaties with Rumania, Greece and Turkey. Prime Minister Chamberlain states that one result of present European war may be setting up of federated states of Europe

SEMI-ORIENTAL SARAJEVO is today part of Yugoslavia. In 1914, killing of Archduke Francis Ferdinand in this Bosnian town launched a world war

"SAY! HOW LONG HAS THIS BEEN GOING ON?"

WHEN you're first introduced to the 1940 Ford V-8, you'll say, "Can this low-price car be as good as it looks?"

For here is a big, substantial car, with a smooth 8-cylinder engine, powerful hydraulic brakes, a uniquely stabilized chassis — and a surplus of exciting new features that make it more beautiful, quieter, safer, easier to drive, and marvellously comfortable to ride in!

You can't know what you're missing until you try the new Ford on the road. And when you do, you won't believe the price tag.

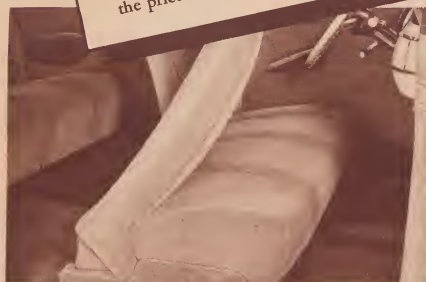

LUXURIOUS INTERIORS. Rich colour harmony, finely tailored upholstery, and more room all around. Deep seat cushions of new construction, with a soft "floating edge" for increased comfort. Arm rests. Wide parcel shelf.

FINGER-TIP GEARSHIFT on steering post. All models, no extra cost. Smart, two-spoke steering wheel. Handsome new instrument panel with two ash trays, cigar lighter, grille for radio, glove compartment, battery condition indicator.

READY TO RIDE! The new Ford cars are as easy to ride in as they are to look at. Improved shock absorbers, improved spring suspension and new ride-stabilizer contribute to a *comfort-ride* that's as *smooth-as-silk!* Controlled Ventilation checks drafts.

THREE PASSENGERS are accommodated in comfort by the full-width one-piece seat cushion in all cars. In Tudor Sedans, Business Coupes and in the convertible Club Coupe, divided front seat back swings forward and inward for easy access to rear compartment.

FORD V-8 FOR 1940

88,000 Canadian workers and dependants benefit because Ford cars are made in this country. *When You Buy a Ford, More of Your Money Stays in Canada.*

THE BALKAN PEOPLES' history is one of war and ever-shifting borders, with great powers suing for their products or forcing them into treaties. Throughout they have fought desperately to keep what is their own—their language and culture. Typical Balkan girl is Toronto's Etta Konyar, a Hungarian

IT'S SMART TO CHANGE YOUR HAIR-DO OFTEN

WHEN WOMEN STEP OUT of uniform for occasional party, they want to step into glamour. New coiffure (left) is designed for just such occasions. Hair is parted in V-shape, curls combed forward

...ever pack a suitcase?

How much more you can get in a suitcase if things are folded nicely than if they're wadded up! And this same principle makes a Kotex* sanitary napkin less bulky than pads made with loose, wadded fillers...

Kotex has a soft, carefully *folded* center (with more material where you need it... less in the non-effective portions of the pad). So naturally—it's less bulky! Less apt to chafe, too... for Kotex is entirely sheathed in cotton before it's wrapped in gauze!

Why be self-conscious! With Kotex your secret is safe! Pressed ends (patented by Kotex) never make embarrassing, tell-tale outlines... the way napkins with thick, stubby ends so often do!

And—for complete peace of mind—remember this. Between the soft folds of Kotex there's a moisture-resistant panel! A special safeguard... newly developed by the Kotex Laboratories!

Kotex* comes in 3 sizes, too! Super—Regular—Junior. Kotex is the only disposable sanitary napkin that offers you a choice of 3 different sizes! (So you may vary the size pad according to each day's needs!)

All 3 sizes have soft, *folded* centers... flat, tapered ends... and moisture-resistant, "safety panels". All 3 sizes sell for the same low price!

**"A NEW FUR COAT
NEEDS SOFT HANDS
TO SET IT OFF!"**

DON'T GO, HONEY—I WANT YOU TO SEE MY CHRISTMAS PRESENT FROM JIM

GRAND! I'D LOVE TO—WHAT IS IT?

LOOK! A FUR COAT! ISN'T IT WONDERFUL!

IT'S A BEAUTY, SALLY. SUCH A RICH, DARK BROWN... OH, BUT SALLY!!!

WHAT IS IT, HONEY—SOMETHING WRONG?

YOUR HANDS! SO RED AND ROUGH! THEY DON'T GO WITH THE COAT AT ALL... THEY BELONG IN THE KITCHEN SINK

HOUSEWORK AND COLD WEATHER JUST MAKE A MESS OF MY HANDS—I CAN'T HELP IT

WELL, HINDS CAN! HERE, SMOOTH YOUR HANDS WITH THIS WONDERFUL LOTION

UMM... THIS HINDS SURELY GOES ON WITH A NICE SOOTHING FEEL

IT'S MY JOB TO KNOW WHAT HELPS SOFTEN UP CHAPPED HANDS FAST—AND HINDS DOES. IT'S EXTRA-CREAMY—EXTRA-SOFTENING!

NOW HOW DO I LOOK, HONEY? MY HANDS FEEL AWFULLY SOFT...

THEY LOOK BETTER, TOO, SALLY—YOU'RE A PRETTY PICTURE RIGHT TO YOUR FINGER-TIPS... BUT DON'T FORGET—KEEP ON USING HINDS FOR THE KIND OF SOFT, EXPENSIVE-LOOKING HANDS THAT GO WITH FUR COATS!

IMPROVES THE LOOKS OF YOUR HANDS!

WANT lovely hands? Then use Hinds Honey and Almond Cream—daily. It's extra-creamy, extra-softening to chapped, work-abused hands. Coaxes back the lovely softness that cold weather, housework, hard water, harsh cleaners take away. No wonder it's the favorite of women who pride themselves on their soft "Honeymoon Hands." PROTECT YOUR HEALTH

Add this Vitamin B food supplement to your daily diet!

"Tonik" Wheat Germ is not a medicine—it is a remarkable food supplement particularly rich in Vitamin B—the protective vitamin. It is easy and pleasant to take—simply mix with cereal, fruit juice or other daily foods. Guard your health! Take "Tonik" regularly and serve it to your family. It is particularly good for growing children, as Vitamin B promotes growth. "Tonik" also contains essential minerals, such as iron, copper, manganese, phosphorus—all much needed elements for the promotion of growth and maintenance of health. "Tonik" is the only stabilized wheat germ on the market. It does not affect the digestion.

Good Health IS WORTH PROTECTING

THEY SAID I WAS A HYPOCHONDRIAC!

The family thought I was just "enjoying poor health." But I felt like an empty dinner-dish. Off my feed, nervous. So they avoided me! The Boss thought Nature would pull me around—till he read the Sergeant's DOG BOOK. Then he woke up!

The DOG BOOK described my symptoms and told what medicines I needed. So he got me Sergeant's CONDITION PILLS—and what a change! I feel a lot better just knowing that BOOK is in the house. It tells all the symptoms and treatments for most illnesses. How to feed and train me. Free at drug or pet stores—or with this coupon.

SECRET OF FINNISH FITNESS

FINNS LIVE IN COLD NORTH but they accustom themselves to extreme changes of temperature by their steam and mud baths. One of these baths is prepared with mud. Mud keeps warm and opens pores of skin, making it perspire and thus acting like steam. It does away with excessive weight and makes body elastic. Foam baths (above, right), thick lathers of special soap, have similar effects

MOST FAMOUS FINNISH BATH is Sauna, national steam-bath with temperatures up to 140 degrees. The bather stays until hot water vapor has him perspiring violently. Twigs are for beating body until it glows red with increased circulation

Lady Esther says
"You can't win New Luck with an Old Shade of Powder!"

Is the shade that flattered you once... spoiling your charm today? Find the one shade of my powder that's lucky for you now!

HOW MANY months have passed since you checked up on your face powder? Can you be sure that right now you're not wearing a shade that is robbing you of your charm, ruining your chance for popularity?

The shade you wore four months ago can be all wrong for your skin as it is today. For skin tones change—and the right shade will flatter you, but the wrong shade can make you look years older.

That's why I make my powder in ten lovely shades. This year my new Rachels are particularly flattering. And in every shade you will see not the dead grey of a coarse, dull powder... but only the opalescent film that lets your true beauty come shining through.

Find Your Lucky Shade! Perhaps my new Champagne Rachel will be your lucky one—perhaps Brunette—

or Natural. Try all ten of my powder shades—which I am glad to send you free. Don't skip even one. For the shade you never thought you could wear may be the one right shade for you.

Make the "Bite Test." Put a pinch of your present face powder between your teeth (make sure your teeth are even) and grind them slowly. Don't be surprised if your teeth find grit!

Now, make the same test with Lady Esther Powder. You'll find not the faintest trace of grit! That's why my powder never gives a flaky, "powdered" look—clings 4 full hours. You can put it on after dinner... say, at 8—and at midnight your skin will still look satiny-smooth!

So write today for my free powder shades! Find the one that transforms you into a luckier, lovelier you!

Do as your dentist does when he cleans your teeth—use **POWDER**

**100% CLEANSING PROPERTIES
NO ACID, NO GRIT, NO PUMICE
OUTLASTS TOOTH PASTE 2 TO 1**

The big job a dentifrice has to do is *clean the teeth*. That's why your dentist almost always uses **POWDER**—to clean and polish the teeth more quickly, and to leave them more naturally white.

Dr. Lyon's Tooth Powder is **ALL POWDER**, with 100% cleansing properties—a special dental powder developed for **HOME USE** by a distinguished practicing dentist. Free from all acids, grit or pumice, it cannot possibly injure or scratch the tooth enamel. For over 70 years dentists have prescribed Dr. Lyon's

Tooth Powder for the way it cleans and brightens dull, dingy, film-coated teeth. It leaves your mouth refreshed, breath sweetened—does all any dentifrice can do to keep gums firm and healthy and teeth sparkling, with the least possible chance of decay! As a neutralizer in acid mouth conditions, Dr. Lyon's is just as effective as Milk of Magnesia.

Even a small package of Dr. Lyon's Tooth Powder lasts twice as long as a tube of tooth paste—so it's not only more efficient, but more economical to use.

Fed-up with dandruff treatments?

MAYBE you've tried dozens—rubbing and massaging until your fingers ached—but if you haven't tried *Danderine* you still don't know how easily you can rid your scalp and coat collar of those ugly, tell-tale flakes of loose-dandruff!

The effective action of *Danderine* is in the *formula* itself. No time wasted. No long minutes of rubbing.

Just use *Danderine* instead of water every time you brush or comb your hair. You'll see results almost from the start. Your scalp will feel cleaner. Hair look better. And as you keep on using *Danderine*, you'll find it doing away with loose dandruff as fast as it appears!

Remember, *Danderine* instead of water! Get it from your druggist; use it tomorrow morning.

CANADA'S WINTER BEAUTY

WINTER PAINTS an icy canvas at Niagara Falls. Missing from this view downstream, showing the American falls, is a long familiar sight, the "Honeymoon bridge" which crashed into the gorge under pressure of an ice jam two years ago. The skiers (below) look closer to Mt. Assiniboine, in the Rockies, than one might think. They are still 10 miles away from the lofty peak, which is reminiscent of the Swiss Matterhorn.

Dry skin makes you look old. The change comes on insidiously due to the heat of summer and the desiccating air of heated winter homes. **UNLESS** you guard against it! NIVEA Creme provides that protection through a remarkable dermatological discovery called Eucerite—a substance that nearly duplicates the natural lubricating secretion of the skin itself. It's remarkable what a difference it makes—how quickly the harsh dryness melts away at the first gentle massage. Get full benefit from the therapeutic virtue of NIVEA by using it as your cream for every purpose. It penetrates the surface, cleanses thoroughly, softens and lubricates the skin tissues, and makes an ideal powder base if used sparingly and left for just a moment before the powder is applied. **NOTE:** Treatment for skin diseases should be undertaken only by qualified physicians. ASOLID FOOD DIET FOR VERY YOUNG BABIES

Vegetables and Fruits Fed Earlier

Regular feeding of homogenized vegetables and fruits to three-month-old babies as protection against nutritional anemia, is the latest advancement in modern infant care.

Recommended by many doctors, this regular solid food supplement to babies' milk diet is made possible by the process known as homogenization. This latest development in the preparation of infant foods breaks up food cells into so fine and smooth a form that they can be digested by babies as young as six weeks!

The increased speed with which homogenized foods can be digested is proved by clinical and laboratory tests. Despite this speed of digestion, clinical and laboratory evidence shows nourishment is utilized. Only Libby's Baby Foods are specially homogenized.

Consult your doctor about feeding your baby LIBBY'S homogenized vegetables and fruits. They can be brought at your grocer's or baby's under the LIBBY'S label. Your grocer doesn't stock LIBBY'S HOMOG-ENIZED BABY FOOD, write to LIBBY'S, Chatham, N.B. A free, 2-page, illustrated booklet entitled "Your Baby's First Vegetables and Fruits" is available on written request. B-40

GIVE HER EVERY CHANCE to build a sound body. Give her cod liver oil! For many doctors say that nothing takes its place in helping children to build strong bones and good teeth. Also in aiding grown people to recuperate after illness. And now THERE IS A BETTER WAY TO GIVE COD LIVER OIL . . . SCOTT'S EMULSION!

1—Scott's Emulsion has all the values of cod liver oil and is four times more easily digested.

2—Easily digested—The exclusive method of emulsifying the oil permits digestion to start in the stomach, whereas digestion of plain cod liver oil does not begin until the oil

passes into the intestines.

3—Easy to take—Scott's Emulsion has a pleasant taste. Easy to take and retain by children and adults.

4—Economical—Scott's Emulsion is an economical way to obtain the Vitamins A and D so necessary to strong bones and sound teeth.

If you want your teeth to sparkle and gleam with all their full natural radiance... insist on IRIUM.

You see, the *form* of dentifrice you select doesn't make the big difference. It's what's *in* it that does the work. That's why Pepsodent should be *your* choice. Because only Pepsodent Tooth Paste and Powder give you the *Plus Value* of IRIUM.

See how IRIUM, the sensational, patented, *more*

effective ingredient in Pepsodent flashes into *safe* action. Ugly surface stains disappear from teeth—*safely*—in short order. Your reward will be the "Come-Closer" Smile you've always wanted.

Pepsodent contains No Grit, No Pumice, No Bleach... *Proved Safe for Tooth Enamel!*

**BOTH PROVED SAFE
FOR TOOTH ENAMEL**

BOTH CONTAIN IRIUM
KNOWN TO THE DENTAL PROFESSION AS
PURIFIED ALKYL SULFATE

SILVER LINES THE DARK CLOUDS OVER LONDON

NOT A LIGHT SHINES forth in the heart of the empire as the sun sets over London and the city is blocked out. The scaffolded

tower of Westminster Abbey is silhouetted against the darkening sky. The Abbey's priceless treasures are now protected by sandbags
